## MASONIC HOME AT DARLINGTON

BILL INTRODUCED IN HOUSE FOR TRANSFER OF PROPERTY AT APPRAISED VALUE.

## ORPHANAGE, HOME, SCHOOL

Grand Master Muldrow Says Buildings Are Admirably Adapted for the Purpose to Which It Will Be Adopted—Present Home Crowded.

Washington, Dec. 20.—The sweet and quiet of Masonic life promises to reign at Darlington in the near future. I n short, the abandoned buildings of the Arapahoe Indian school near Darlington are being sought after by the Masonic fraternities of Oklahoma with a view of converting the buildings into an orphanage, home and industrial school. A bill having in view the transfer of the property at its appraised value, \$72,000, already has been introduced in the house by Representative Morgan. Senator Owen, himself a Mason will urge the passage of the measure in the senate.

H. L. Muldrow of Tishomingo, grand master of Oklahoma Masons in speaking about the project says that the property in question is ideal for the purpose to which it will be devoted. "We hope to have one of the finest homes and orphanages in the country when we get through," said he. "We have the necessary spirit and money and all that is now wanting is the necessary legislation which will give us title to the Darlington property."

The Masons are now supporting a temporary home at Atoka. The property was formerly the old Murrow Orphan Home. There are now 62 children receiving the attention of the Masons. But the place is small and according to Mr. Muldrow as many as 200 children will be found at Darlington if everything should go well with their plans. An industrial school which will supplement the common school education afforded by the public schools at Darlington will be a new feature. The City of El Reno is also co-operating with the Masons and has offered the free use of its high school to the more advanced students of the orphanage.

Heretofore little attention has been given to home life at the Atoka institution but this can be explained by the crowded condition existing there. All this, however, will be changed at Darlington. Here the Masons will have nearly 30 cottages for indigent families.

An endowment of \$120,000 is available for the new home but should this prove insufficient an increase in grand lodge dues is not improbable.

At the present time El Reno has a preferential right to purchase the vacant buildings at Darlington but it is generally understood that it has waived its rights in favor of the Masons. By the terms of the bill \$25,000 of the purchase price must be cash, and the remainder will be due in two annual installments at 5 per cent interest.

## NORRIS TO QUIT GOVERNMENT JOB

RUMOR HAS IT THAT HE WILL RETURN TO OKLAHOMA TO RESUME DUTIES AS CHAIRMAN.

## REPUBLICAN STATE COMMITTEE

Provided He Can Get Harris of Waggoner Ousted but Who is at Present on the Job—Trouble Brewing in the Party Over State Chairmanship.

Washington, D. C., Dec. 19.—It is being rumored here that Indian Inspector Joe Norris of Guthrie, Okla., at present stationed at Macy, Neb., may resign the job, for which he is clamored for so long, and that he may return to Oklahoma to resume his duties as chairman of the Republican State Central committee, in which position Hon. James A. Harris of Waggoner, is at present acting.

It is said that while Norris is making good in the Indian service, that he is unsatisfied and longs to again get back in the active political game in Oklahoma. It is supposed that the matter was discussed at Kansas City recently when Representative Bird McGuire of the First Oklahoma district, Harris and Norris, held a conference at the Baltimore hotel in that city. When Norris first entered the government service, it is known that he intended resigning the chairmanship of the Oklahoma republican committee this winter, and that Harris, whose appointment as acting state chairman was suggested by Postmaster General Frank H. Hitchcock, chairman of the republican national committee, was to be selected as his successor.

Several members of the state committee started a row and a meeting of the committee was called last fall but was later called off for some unexplainable reason. At this meeting it had been the intention to force Norris out as chairman and put a crimp in Harris if possible. Harris, however, is somewhat of a politician himself and it was found that he was harder to "jar loose" than some of the recalcitrants imagined.

## SEN. OWEN TALKS ON INDIAN AFFAIRS

ADVANCES HIS IDEA FOR DISPOSITION OF SEGREGATED MINERAL LANDS.

Washington, Dec. 20.—Senator Robert L. Owen of Oklahoma in discussing the affairs of the five civilized tribes made the following statement in regard to the segregated coal lands:

"I am strongly in favor of disposing of these lands immediately, under rules by which the lands shall be sold to the highest bidder, so as to produce for the Choctaw and Chickasaws the best price available.

"There is no possibility of the United States buying these lands as the great body of congress is strongly opposed to it and if the United States should buy, it would bring the Choctaws and Chickasaws less money than from private purchasers. If the United States were the purchaser it would shrink the tax rolls of Oklahoma in counties where the segregated coal lands lie, in a very serious way, because you cannot tax property belonging to the United States. "It is very easy for the Choctaw council to pass a resolution offering the property for sale to the United States at \$60,000,000, but it would be impossible to get the assent of the members of congress to this proposition.

"As long as the matter is kept undetermined the salaries will go on; so, the delay of settlement caused by the officials in charge has only one good thing to commend it, the continuation of their salaries. I shall do everything I can to bring to a speedy conclusion the distribution of the undistributed property and to give peace to Oklahoma.

Senator Owen said the public press should keep clearly in mind that there are no Indians or Indian tribes left in old Indian Territory because, a man who is a citizen of the United States is not an Indian within the meaning of the law, although he may be of full Indian

blood. An Indian at law is a ward, and not sui juris; is a domestic dependent alien in a condition of pupillage; owing no allegiance to the United States and receiving no protection from the state. The Indians of old Indian Territory of the full blood are not Indians in law but are full citizens with all the rights and responsibilities of other men and cannot be classified as Indians or Indian tribes at law. An Indian tribe consists of a community of Indians at law. There are no such tribes in old Indian Territory; although the communities are spoken of for convenience of designation, as the Cherokee nation or the Choctaw nation."
